DETAILED ACTION

Allowable Subject Matter

1. Claims 1-36 are allowed.

2. The following is an examiner's statement of reasons for allowance:

Claims 1-14 were previously indicated as being allowable in the Non-Final rejection mailed 9/19/2006. See the statement of reasons for the indication of allowable subject matter in that office action for the reasons for allowance. Claims 15-30 and 32 were previously rejected; applicant has amended claims 15, 21, and 27 to claim among other things that the transparent window is capable of supporting a second object thereon. In order to meet all of the other claim limitations the 3M reference's transparent window is part 40 is not capable of supporting a second object while still being able to obtain an image of the first object. No other prior art taught this, along with all of the other limitations, either alone or in an obviousness combination, accordingly claims 15, 21, and 27 are allowed. Claims 16-19, 22-26, 28-32 are dependent on claims 15, 21, and 27 and are allowable at least due to their dependency on claims 15, 21, and 27. Applicant has added additional claims 33, 34 and 35, which are dependent on claims 15, 21, and 27 and are therefore allowable at least due to their dependency on claims 15, 21, and 27. Claim 36 as stated in applicant's arguments is claim 31 written in independent form, claim 31 was previously indicated as object to as being dependent upon a rejected base claim, but

Art Unit: 2851

would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims in the rejection mailed 9/19/2006 and accordingly claim 36 is allowable for the reasons given in the rejection mailed 9/19/2006.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
